

# TH | Single Cell Platform Scales

## Product Description

TH Platform Scales are single-cell weighing solutions designed for use in both industrial and commercial applications, standing out with their durability and reliability. Thanks to their robust structure, they can withstand challenging working conditions while offering reliable performance for many years of trouble-free use. Combining functionality and sturdy design, TH Platform Scales are an effective weighing solution tailored to meet the needs of various industries.

## Technical Specifications

Processor	24-bit processor	Display Adjustment	Adjustable up, down, left, right
Screen	Wide LCD screen	Check-Weighing Function	HI / LO / OK indicator and sound
Connection	RS 232 connection	Casing	ABS plastic case
Weight Control	Lower limit weight control	Lighting	Automatic backlight & LED display
Hold Feature	Weight hold feature (HOLD)	Operating Temperature	-10 °C / 45 °C
Charging Duration	200 hours rechargeable usage	Load Cell	1 unit
Screen Alerts	Display alerts	Casing Feature	Static painted iron case
Protection	Insect and pest protection - Static electricity protection	Power Supply	110V / 220V
Auto Power-Off	Not in use (optional)	Balance	Adjustable ground leveling feet

## Application Areas

- Production
- Storage
- Cargo / Transportation
- Quality Control
- Commercial Weighing Applications

## Capacity

Size	Capacity
35x40	30Kg / 0,5 gr - 60Kg/1gr - 100 Kg/5gr - 150 Kg/10gr - 200Kg/20gr - 300 Kg/50gr
40x50	60Kg/2gr - 100Kg/10gr - 150Kg/20gr - 300Kg/50gr
50x60	150Kg/10gr - 300Kg/50gr
60x70	300Kg/50gr - 500Kg/50gr - 600Kg/100gr
70x80	300Kg/50gr - 500Kg/50gr - 600Kg/100gr
80x90	300Kg/50gr - 500Kg/50gr - 600Kg/100gr
